To Whom It May Concern,

For those projects undergoing major renovations or are new construction on our main campus, The University of Texas at Austin (the "Owner") is pursuing certification from the LEED (Leadership in Energy and Environmental Design) Green Building Rating System for the Project. Set forth are the Owner's commitments to sharing certain data with the U.S. Green Building Council ("USGBC"), in compliance with the LEED Prerequisites for (i) Water Efficiency: Building-Level Water Metering ("Water Prerequisite"); and (ii) Energy and Atmosphere: Building-Level Energy Metering ("Energy Prerequisite").

Water Prerequisite

To facilitate water management and identify opportunities for additional water savings, the Owner hereby commits to sharing with USGBC the whole-Project water usage data acquired from permanent meters installed in accordance with the standards set forth in the Water Efficiency Prerequisite. The Owner shall share such data with USGBC beginning on the date the Project accepts LEED certification or typical occupancy, whichever comes first (the "Commencement Date") and for a period of five (5) years thereafter, or until the building usage changes ownership or lessee. The Owner shall create an Energy Star Portfolio account in order to share its water usage information with USGBC.

Energy Prerequisite

To facilitate energy management and identify opportunities for additional energy savings, the Owner hereby commits to sharing with USGBC the whole-Project energy usage data acquired from permanent meters installed in accordance with the standards set forth in the Energy Prerequisite. The Owner shall share such data with USGBC beginning on the Commencement Date and for a period of five (5) years thereafter, or until the building changes ownership or lessee. The Owner shall create its EnergyStar Portfolio account in order to share its energy use information with USGBC.

If you have any questions or require additional information, please do not hesitate to contact us at your earliest convenience.

A handwritten signature in black ink, appearing to read "Juan Ontiveros".

Juan Ontiveros, P.E.
