

LEED v4 BD+C: New Construction

Advanced Energy Metering

Individual energy end uses that represent 10% or more of the total annual consumption of the building are metered.

Table: Advanced meters

Complete the table below for all advanced meters serving the project.

Meter Type	Fuel Source or System Metered
------------	-------------------------------

Upload cutsheets for meters that clearly indicate the following information:

- Recording interval
- Ability to record both consumption and demand (for electrical meters)
- Data transmission capability
- Data collections system description and storage capability
- Remote data retrieval capability

Special Circumstances

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits. (Optional)

Upload any additional documentation that supports the claim to special circumstances. (Optional)
