

LEED v4 BD+C: New Construction

Construction and Demolition Waste Management Planning

Unit of measurement

Total waste diverted from landfill

Total construction waste

Percentage of construction waste diverted from landfill (%)

Note: Excavated soil and land-clearing debris must be excluded from calculations. Alternative daily cover (ADC) must be excluded from diverted waste calculations but included in total construction waste calculations.

Upload the construction and demolition waste management plan. The plan must outline at least five materials targeted for diversion, provide the anticipated percentage of total waste that these materials represent, and include on-site diversion strategies. If on-site diversion strategies are not available, explain why.

Special Circumstances

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits. (Optional)

Upload any additional documentation that supports the claim to special circumstances. (Optional)
